

Q1 2026 RESULTS

Investor Presentation

May 13, 2026

POWER CORPORATION
OF CANADA

Forward looking statements, disclosures concerning public investees and presentation of the holding company

For definitions of capitalized terms used herein, see "Abbreviations" in the Appendix hereto.

Forward Looking Statements

In the course of today's meeting, representatives of the Corporation may make, in their remarks or in response to questions, and the accompanying materials may include, statements containing forward-looking information.

Such forward-looking statements are based on certain assumptions and reflect the Corporation's current expectations, or with respect to disclosure regarding the Corporation's public subsidiaries, reflect such subsidiaries' current expectations as disclosed in their respective current MD&A. Forward-looking statements are provided for the purposes of assisting the listener/reader in understanding the Corporation's financial performance, financial position and cash flows as at and for the periods ended on certain dates and to present information about management's current expectations and plans relating to the future, and the reader/listener is cautioned that such statements may not be appropriate for other purposes. These statements may include, without limitation, statements regarding the operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of the Corporation and its subsidiaries including the outlook for North American and international economies for the current fiscal year and subsequent periods, the Corporation's NCIB commenced in 2026, statements concerning deferred taxes, the fintech strategy, fundraising activities and investment strategies of the investment platforms, the Corporation's growth and value creation expectations with respect to its NAV-based strategies and investments, capital commitments by the Power group and third parties, the expected impact of SHMI's investment in Unigestion, GBL's strategy to simplify its portfolio and expected timing of its investment in Rayner and BUKO Group, GBL's medium-term TSR objective, and the Corporation's subsidiaries' disclosed expectations including Great West's NCIB and the Corporation's participation therein, and its medium-term objectives, and IGM's medium-term objectives. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects", "anticipates", "plans", "believes", "estimates", "seeks", "intends", "targets", "projects", "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may", "will", "should", "would" and "could".

By its nature, this information is subject to inherent risks and uncertainties that may be general or specific and which give rise to the possibility that expectations, forecasts, predictions, projections or conclusions will not prove to be accurate, that assumptions may not be correct and that objectives, strategic goals and priorities will not be achieved. A variety of factors, many of which are beyond the Corporation's and its subsidiaries' control, affect the operations, performance and results of the Corporation and its subsidiaries and their businesses, and could cause actual results to differ materially from current expectations of estimated or anticipated events or results. These factors include, but are not limited to: the impact or unanticipated impact of general economic, political and market factors in North America and internationally, fluctuations in interest rates, inflation and foreign exchange rates, monetary policies, business investment and the health of local and global equity and capital markets, management of market liquidity and funding risks, risks related to investments in private companies and illiquid securities, risks associated with financial instruments, changes in accounting policies and methods used to report financial condition (including uncertainties associated with significant judgments, estimates and assumptions), the effect of applying future accounting changes, business competition, operational and reputational risks, technological changes, cybersecurity risks, changes in government administrations, regulation, legislation and policies, changes in tax laws, the impacts of trade relations, ongoing trade tensions and fiscal policy developments, geopolitical tensions and related economic impacts, unexpected judicial or regulatory proceedings, catastrophic events, man-made disasters, terrorist attacks, wars and other conflicts, or an outbreak of a public health pandemic or other public health crises, the Corporation's and its subsidiaries' ability to complete strategic transactions, integrate acquisitions and implement other growth strategies, the Corporation's and its subsidiaries' success in anticipating and managing the foregoing factors, as well as the risks referenced in the section entitled "Risk Management" in the Corporation's current MD&A and in the section entitled "Risk Factors" of the Corporation's most recent Annual Information Form, and with respect to forward-looking statements of the Corporation's subsidiaries disclosed in this presentation, the factors identified by such subsidiaries in their respective current MD&A.

The listener/reader is cautioned to consider these and other factors, uncertainties and potential events carefully and not to put undue reliance on forward-looking statements. Information contained in forward-looking statements is based upon certain material assumptions that were applied in drawing a conclusion or making a forecast or projection, including management's perceptions of historical trends, current conditions and expected future developments, and that strategic transactions, acquisitions, divestitures or other growth or optimization strategies will be completed on expected terms, including that any required approvals will be received when and on such terms as are expected, as well as other considerations that are believed to be appropriate in the circumstances. Other considerations also include the availability of cash to complete purchases under the NCIB, that the list of risks and uncertainties in the previous paragraph, collectively, are not expected to have a material impact on the Corporation, and with respect to forward-looking statements of the Corporation's subsidiaries disclosed in this presentation, that the risks identified by such subsidiaries in their respective current MD&A and Annual Information Form are not expected to have a material impact on the Corporation. While the Corporation considers these assumptions to be reasonable based on information currently available to management, they may prove to be incorrect.

Other than as specifically required by applicable Canadian law, the Corporation undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made, or to reflect the occurrence of unanticipated events, whether as a result of new information, future events or results, or otherwise.

Additional information about the risks and uncertainties of the Corporation's business and material factors or assumptions on which information contained in forward-looking statements is based is provided in its disclosure materials, including its current MD&A and its most recent Annual Information Form, filed with the securities regulatory authorities in Canada and available at www.sedarplus.ca.

Disclosures Concerning Public Investees

Information in this presentation and any accompanying oral statements, including in response to questions, (i) concerning Great West and IGM, as applicable, has been derived from Great West's and IGM's current MD&As, as prepared and disclosed by the respective companies in accordance with applicable securities legislation, and which are included in Parts B and C, respectively, of the Corporation's current MD&A, available under the Corporation's profile on SEDAR+ (www.sedarplus.ca), and is also available either under their respective profiles on SEDAR+ (www.sedarplus.ca) or from their websites, www.greatwestlife.co.com and www.igmfinc.com; and (ii) concerning GBL has been derived from publicly disclosed information, as issued by GBL in its first quarter press release at March 31, 2026. Further information on GBL's results is available on its website at www.gbl.com. For definitions and reconciliations of non-IFRS financial measures and non-IFRS financial ratios, refer to the "Non-GAAP Financial Measures and Ratios" section and specifically the sub-sections entitled "Base capital generation", "Base earnings (loss)", "Base dividend payout ratio", "Base return on equity", "Pre-tax base operating margin" and "Non-GAAP Ratios" of Great West's current MD&A and "Non-IFRS Financial Measures and Other Financial Measures" section and specifically "Table 1: Reconciliation of Non-IFRS Financial Measures" of IGM's current MD&A, which are each included in Parts B and C, respectively, of the Corporation's current MD&A located under the Corporation's profile on SEDAR+ at www.sedarplus.ca, which sections, definitions, and reconciliations are incorporated herein by reference.

On a quarterly basis, GBL reports its net asset value as it represents an important criterion used in assessing its performance. GBL's net asset value represents the fair value of its investment portfolio, its gross cash, and its treasury shares, less its gross debt. GBL's investments held in listed entities and treasury shares are measured at their market value, investments in private entities are measured using the recommendations of the International Private Equity and Venture Capital Valuation Guidelines, and recent investments are valued at their acquisition cost, which represents GBL management's best estimate. GBL Capital's portfolio of investments is measured by adding all investments at fair value provided by the fund managers with GBL Capital's net cash, less its net debt. Sienna Investment Managers' assets are valued at the fair value of the acquired management companies. For more information on GBL's net asset value and valuation principles, refer to its website (www.gbl.com).

Presentation of the Holding Company

The Corporation's reportable segments include Great West, IGM Financial and GBL, which represent the Corporation's investments in publicly traded operating companies, as well as the holding company. These reportable segments, in addition to the asset management activities, reflect Power Corporation's management structure and internal financial reporting. The Corporation evaluates its performance based on the operating segments' contributions to earnings. The holding company comprises the corporate activities of the Corporation and Power Financial, on a combined basis, and presents the investment activities of the Corporation. The investment activities of the holding company, including the investments in Great West, IGM and controlled entities within the alternative asset investment platforms, are presented using the equity method. The holding company activities present the holding company's assets and liabilities, including cash, investments, debentures and non-participating shares. The discussions included in the sections "Financial Position" and "Cash Flows" in Part A of the Corporation's current MD&A present the segmented balance sheets and cash flow statements of the holding company, which are presented in Note 20 of the Interim Consolidated Financial Statements, and reconciliations of these statements are provided in the Corporation's current MD&A.

Basis of presentation, non-IFRS financial measures, other measures and clarifications on adjusted net asset value

Basis of Presentation

The condensed consolidated interim financial statements of the Corporation have been prepared in accordance with International Financial Reporting Standards (IFRS) Accounting Standards, as issued by the International Accounting Standards Board (IASB), unless otherwise noted and are the basis for the figures presented in this presentation, unless otherwise noted. All earnings figures presented in this presentation are attributable to participating or common shareholders as applicable.

Non-IFRS Financial Measures

Management uses these financial measures in its presentation and analysis of the financial performance of Power Corporation and believes that they provide additional meaningful information to listeners/readers in their analysis of the results of the Corporation.

Adjusted net earnings attributable to participating shareholders ("Adjusted net earnings") is calculated as (1) net earnings attributable to participating shareholders excluding (2) adjustments, which include the after-tax impact of any item that in management's judgment, including those identified by management of Great West and IGM, would make the period-over-period comparison of results from operations less meaningful. Includes the Corporation's share of Great West's impact of market-related impacts, where actual market returns in the current period are different than longer-term expected returns; assumption changes and management actions that impact the measurement of assets and liabilities; direct equity and interest rate impacts on the measurement of surplus assets and liabilities; and amortization of acquisition-related finite life intangible assets, as well as items that management believes are not indicative of the underlying business results which include those identified by management of a subsidiary or a jointly controlled corporation, including: business transformation and other impacts (including restructuring or reorganization and integration costs, acquisition and divestiture costs); material legal settlements; material impairment charges; material impacts of the remeasurement of deferred tax assets and liabilities including those as a result of income tax rate changes, and other tax impairments; certain non-recurring material items, net gains, losses or costs related to the disposition or acquisition of a business, including those related to an investment in an associate or jointly controlled corporation; impacts related to remeasurements due to market changes that result in an accounting mismatch including the remeasurement of derivatives where the hedged item is not also measured at fair value and hedge accounting is not applied, and the revaluation of redemption liabilities, share warrants and conversion options on convertible and exchangeable debt obligations; the impact of the revaluation of non-controlling interests liabilities related to PSEIP which result from changes in fair value of assets held within the fund, and the share of earnings (losses) from the consolidated activities of PSEIP attributable to third-party investors; and other items that, when removed, assist in explaining underlying operating performance. Adjusted net earnings per share is calculated as adjusted net earnings divided by the weighted average number of participating shares outstanding.

Adjusted net asset value ("Adjusted NAV") is commonly used by holding companies to assess their value. Adjusted net asset value represents the fair value of the participating shareholders' equity of Power Corporation. Adjusted net asset value is calculated as the fair value of the assets of the combined Power Corporation and Power Financial holding company (also referred to as gross asset value) less their net debt and preferred shares. The investments held in publicly traded entities (including Great West, IGM and GBL) are measured at their market value and investments in private entities and investment funds are measured at management's estimate of fair value. The definition of adjusted net asset value involves a number of assumptions, judgments and estimates that may prove to be inaccurate, and the adjusted net asset value per share is not a representation or guarantee of the value a participating shareholder will be able to realize. This measure presents the fair value of the participating shareholders' equity of the holding company and assists the listener/reader in determining or comparing the fair value of investments held by the holding company or its overall fair value. Adjusted net asset value per share is calculated as adjusted net asset value divided by the number of participating shares outstanding at the end of the reporting period. The discount to adjusted net asset value ("discount to NAV" or "NAV discount") is defined as the percentage difference (expressed in relation to the adjusted net asset value) between the market capitalization of the Corporation and the adjusted net asset value.

Fee-related earnings is presented for Sagard and Power Sustainable and includes management fees and fee-related performance revenues earned across all asset classes, less investment platform expenses which include i) fee-related compensation including salary, bonus, and benefits, and ii) operating expenses. Fee-related performance revenues represents the realized portion of performance revenues from perpetual capital vehicles that are i) measured and expected to be received on a recurring basis, ii) not dependent on realization events from underlying investments, and iii) not subject to clawback. Fee-related earnings is presented on a gross pre-tax basis, including non-controlling interests. Fee-related earnings excludes i) share-based compensation expenses, ii) amortization of acquisition-related finite life intangible assets, iii) foreign exchange-related gains and losses, iv) net interest, and v) other items that in management's judgment are not indicative of underlying operating performance of the alternative asset investment platforms, which include restructuring costs, transaction and integration costs related to business acquisitions and certain non-recurring material items. Management uses this measure to assess the profitability of the asset management activities of the alternative asset investment platforms. This financial measure provides insight as to whether recurring revenues from management fees and fee-related performance revenues, which are not based on future realization events, are sufficient to cover associated operating expenses.

Adjusted net earnings attributable to participating shareholders, fee-related earnings, adjusted net asset value, adjusted net earnings per share, discount to adjusted net asset value, and adjusted net asset value per share are non-IFRS financial measures and ratios that do not have a standard meaning and may not be comparable to similar measures used by other entities. Refer to the section entitled "Non-IFRS Financial Measures" in Part A of the current MD&A located under the Corporation's profile on SEDAR+ at www.sedarplus.ca for further explanations of their uses and specifically the sub-sections entitled "Adjusted Net Earnings", "Adjusted Net Asset Value" and "Fee-related earnings" included in section entitled "Reconciliations of IFRS and Non-IFRS Financial Measures" for the appropriate reconciliations of these non-IFRS financial measures to measures prescribed by IFRS, including those used in calculating non-IFRS ratios, which further explanations and reconciliations are incorporated herein by reference.

Other Measures

This presentation also includes other measures used to discuss activities of the Corporation's consolidated publicly traded operating companies and alternative asset investment platforms including, but not limited to, "assets under management", "assets under administration", "assets under management and advisement", "average assets under management and advisement", "book value per participating share", "capital commitments", "carried interest", "fee-bearing capital", "market capitalization", "net asset value", "net carried interest", "non-fee-bearing assets", "unfunded commitments" and "weighted average management fee rate". As well, the presentation of the holding company is used to present and analyze the financial position and cash flows of Power Corporation as a holding company. Refer to the section "Other Measures" in Part A of the current MD&A, which can be located in the Corporation's profile on SEDAR+ at www.sedarplus.ca, for definitions of such measures, which definitions are incorporated herein by reference.

Assets under management of investment platforms include: (i) Net asset value of the investment funds and co-investment vehicles managed, including unfunded commitments and permanent leverage; (ii) Gross asset value of investment funds managed within the real estate platform; and (iii) Fair value of assets managed on behalf of the Corporation and clients by asset managers controlled within the investment platforms, including assets managed through a separately managed account. Funded AUM represents AUM less unfunded commitments.

Fee-bearing capital includes: (i) Total capital commitments of venture capital, private equity, and certain private credit funds during the investment period; (ii) Net invested capital of private credit funds, funds which have completed their investment period, separately managed accounts within the credit platforms and certain co-investment vehicles; (iii) Net asset value of Power Sustainable Energy Infrastructure including direct investments in energy assets, and funds within the real estate platform; and (iv) Invested capital or gross asset value of assets managed through separately managed accounts within the real estate platform.

Clarifications on Adjusted Net Asset Value

(i) The Corporation's share of GBL's reported net asset value was \$3.7 billion (€2.3 billion) at March 31, 2026 (\$3.9 billion (€2.5 billion) at March 31, 2025); (ii) The management company of Sagard is presented at its fair value. The management company of Power Sustainable is presented at its carrying value; (iii) Sagard's investment funds and other include the Corporation's investments in Portage Ventures I and Portage Ventures II; (iv) Wealthsimple represents Power Financial's direct and indirect investments in Wealthsimple, net of carried interest payable to Sagard on its investment in Wealthsimple. Excludes investment in Wealthsimple held by other entities within the Power group (v) In accordance with IAS 12, *Income Taxes*, no deferred tax liability is recognized with respect to temporary differences associated with investments in subsidiaries and jointly controlled corporations as the Corporation is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future. If the Corporation were to dispose of an investment in a subsidiary or a jointly controlled corporation, income taxes payable on such disposition would be minimized through careful and prudent tax planning and structuring, as well as with the use of available tax attributes not otherwise recognized on the balance sheet, including tax losses, tax basis, safe income and foreign tax surplus associated with the subsidiary or jointly controlled corporation.

Q1 2026 Conference Call	May 7, 2026
Q1 2026 Earnings Release	May 7, 2026

Strong Q1 results reflecting continued business momentum

Delivering on value creation strategy

- Strong EPS growth, return of capital and business momentum
- Adjusted NAV per share ^[1] grew 23% year-over-year, led by the publicly-traded operating companies, Wealthsimple and higher cash balances

Strong earnings momentum

- Great West and IGM continued to exceed their respective medium-term financial objectives
- Great West exceeded 19%+ base ROE ^[2] for the first time

Value creation from strategic investments

- NAV-based businesses and strategic investments offer long-term growth and value
- Wealthsimple delivered strong business growth with AUA^[3] of \$124.8 billion, up 71% compared to prior year while serving 3.4 million clients, up 24% year-over-year

Strong return of capital to shareholders

- \$0.7 billion in dividends^[4] and share repurchases
- \$1.7 billion of available cash, net of dividends to be received and paid, supports further return of capital to shareholders
- Attractive returns have been realized by Power shareholders over a 1-year, 3-year and 5-year horizon

Adjusted EPS ^[1] and EPS

[1] Adjusted EPS and adjusted net asset value (adjusted NAV) per share are non-IFRS ratios. Refer to the "Non-IFRS Financial Measures" section at the beginning of this presentation for more information.

[2] Base ROE is defined as a non-GAAP ratio by Great West. Refer to the "Disclosures Concerning Public Investees" section at the beginning of this presentation for more information.

[3] Refer to "Other Measures" section at the beginning of this presentation for more information.

[4] To participating shareholders.

Financial Update

Jake Lawrence

Executive Vice-President and
Chief Financial Officer

Net and adjusted net earnings

Q1 2026 Highlights

- Power reported adjusted net earnings ^[1] of \$905 million, up 15% compared to prior year
- Power reported net earnings of \$820 million, up 19% compared to prior year
- Strong year-over-year performance on an adjusted basis driven by Great West and IGM
 - **Great West** - contribution to adjusted net earnings up 21%, driven by double-digit growth across all segments
 - **IGM** - contribution to adjusted net earnings up 21% driven by diversified growth across its wealth and asset management segments, and record client assets levels where AUM&A ^[2] increased by 14% year-over-year
 - **GBL** - positive contribution of \$20 million driven by results from operating companies and net interest income
 - **Sagard** - negative contribution compared to prior year driven by lower private equity gains from investing activities
 - **Power Sustainable** - results negatively impacted by loss from asset management activities and operating losses on energy infrastructure assets

Note: Great West and IGM's contributions to adjusted net earnings based on PCC share of earnings reported by each respective company.

[1] Adjusted net earnings is a non-IFRS financial measure. Refer to the "Non-IFRS Financial Measures" section at the beginning of this presentation for more information.

[2] Refer to the "Other Measures" section at the beginning of this presentation for more information.

[3] For a reconciliation of Great West, IGM, Sagard and Power Sustainable, and Corporate operations and Other's non-IFRS adjusted net earnings to their net earnings and the contribution to adjusted net earnings from GBL, refer to the "Great West", "IGM Financial", "GBL", "Sagard and Power Sustainable" and "Corporate operations and Other" sections in Part A of the current MD&A.

Net and Adjusted Net Earnings ^[3]

Adjustments ^[8]	(0.14)	(0.15)
Net earnings	1.29	1.07

[4] Refer to the detailed table in the "Contribution to Net Earnings and Adjusted Net Earnings" section in Part A of current MD&A for additional information.

[5] Consists of earnings (losses) from asset management and investing activities.

[6] Includes investment in LMPG. In the first quarter of 2026, the Corporation modified its presentation; the contribution to net earnings and adjusted net earnings from Standalone businesses has been presented within Corporate operations and Other. Certain comparatives have been reclassified to conform with the current presentation.

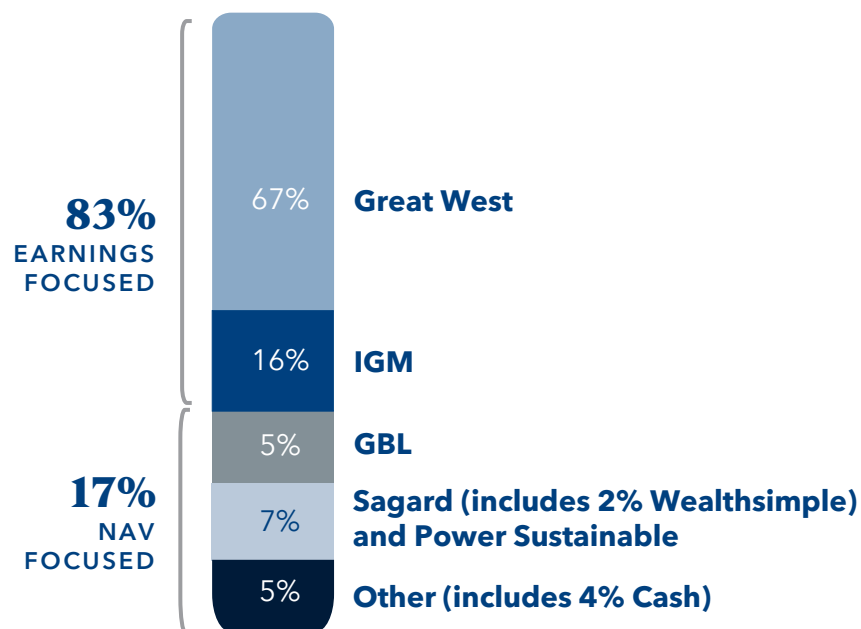

[7] Attributable to participating shareholders.

[8] Refer to the "Adjustments" section in Part A of the current MD&A for further details.

Adjusted net asset value per share up 23% year-over-year

- Adjusted net asset value ("NAV" or "Net Asset Value") per share was \$84.54 at the end of Q1 2026, up 23% year-over-year and down 1% quarter-over-quarter
 - Adjusted NAV per share was \$97.88 at May 12, 2026^[1]
- Power's fair value of its investment in Wealthsimple was unchanged quarter-over-quarter and up 90% year-over-year to \$1.5 billion
- Higher cash and cash equivalents balance vs. Q1 2025, reflecting Power's participation in Great West NCIB (\$1.2 billion) and issuance of preferred shares (\$400 million), partly offset by increased share repurchases under Power's NCIB
- Book value per share^[2] was \$36.52 at Q1 2026 vs. \$36.10 at Q1 2025

Contribution to Gross Asset Value

	Mar. 31, 2026	% of Gross Asset Value	Mar. 31, 2025	% of Gross Asset Value

	Shares outstanding (millions)	632.1		642.7	
<hr/>					
	NAV per share^[5]	\$84.54		\$68.99	

[1] Based on March 31, 2026 NAV, updated for market values of publicly traded operating companies at May 12, 2026.

[2] Refer to the "Other Measures" section at the beginning of this presentation for more information.

[3] Based on March 31, 2026 closing price of \$65.15 for Great West, \$66.28 for IGM and €77.75 for GBL and March 31, 2025 closing price of \$56.38 for Great West, \$44.26 for IGM and €68.80 for GBL.

[4] Represents Power Financial's direct and indirect investments in Wealthsimple, net of carried interest payable to Sagard on its investment in Wealthsimple. Excludes investment in Wealthsimple held by other entities within the Power group.

[5] NAV is a non-IFRS financial measure and NAV per share is a non-IFRS ratio. Refer to the "Non-IFRS Financial Measures" and "Clarifications on Adjusted Net Asset Value" sections at the beginning of this presentation for more information.

Business Review

R. Jeffrey Orr
President and
Chief Executive Officer

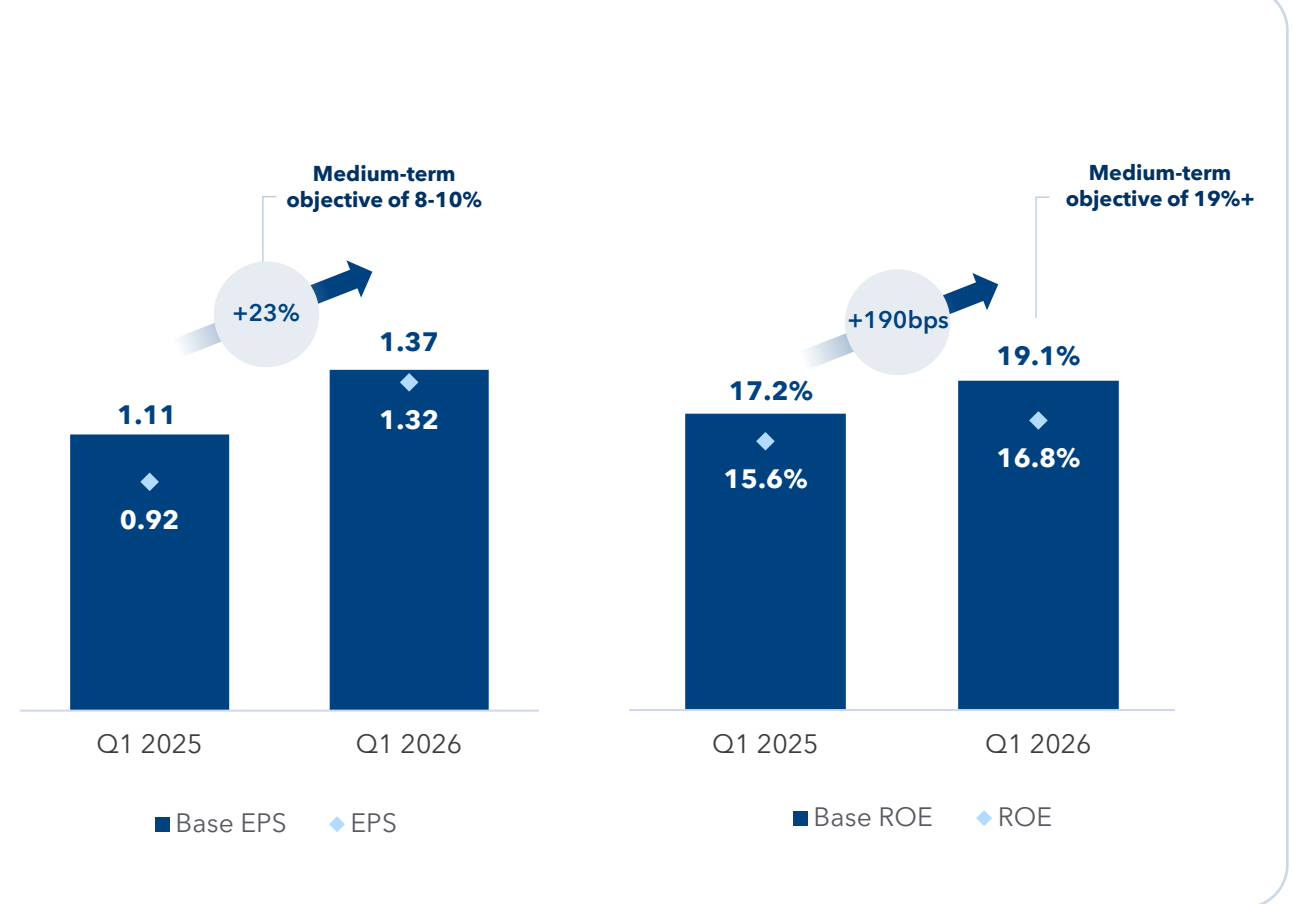

Great West reported strong earnings growth with double-digit earnings growth across all segments

Q1 2026 Highlights

- Base earnings per share ^[1] of \$1.37, up 23% from \$1.11 in Q1 2025
- Great West reported net earnings per share of \$1.32 vs. \$0.92 in Q1 2025
- Base ROE ^[1] of 19.1%, achieving medium-term objective of 19%+ for the first time
- Strong cash generation supporting increased buybacks
 - Cash of \$2.1 billion ^[2] and strong capital ratios, providing substantial financial flexibility
 - \$0.6 billion ^[3] share repurchases in Q1 2026
 - Annual share repurchases likely to be similar level as 2025 of \$1.6 billion ^[3]

Base EPS ^[1] and EPS

Base ROE ^[1] and ROE

[1] Base EPS and Base ROE are defined as non-GAAP ratios by Great West. Refer to the "Disclosures Concerning Public Investees" section at the beginning of this presentation for more information.

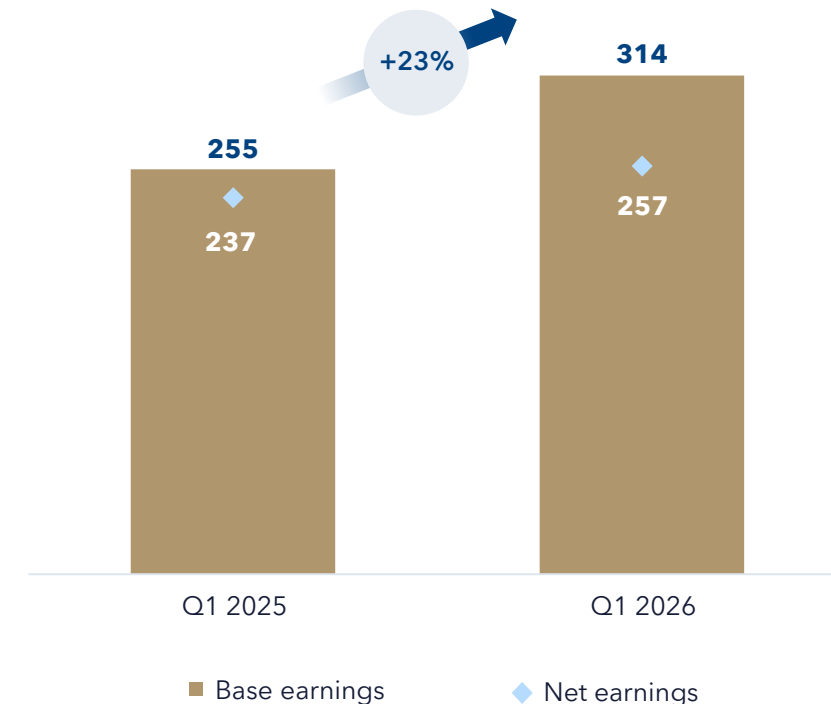

[2] Cash and cash equivalents at the Great West holding company level.

[3] Including purchases made to offset dilution under Great West's share compensation plans. Share repurchases are made subject to market conditions, Great West's ability to effect the purchases on a prudent basis, applicable laws, and the availability of other strategic opportunities.

Empower delivered +23% base earnings^[1] growth with strong margins and positive net flows in both lines of business

- Empower reported base earnings^[1,2] growth of +23% on a constant currency basis
- Empower generating base ROE^[2] of 20.8%, up 220 bps from Q1 2025
- **Retirement**
 - Base earnings +18% year-over-year driven by strong markets and lower credit experience; pre-tax base operating margin^[2] of 33.5%, +320 bps year-over-year
 - Net plan inflows^[3] outpaced seasonally lower net participant outflows
 - Participants up 3% year-over-year
- **Wealth**
 - Base earnings +65% year-over-year driven by increase in equity market levels and strong net flows over the past year
 - Net flows^[3] impacted by seasonality, market volatility, transformation initiatives

Base earnings^[1,2] and Net earnings
(US\$ millions)

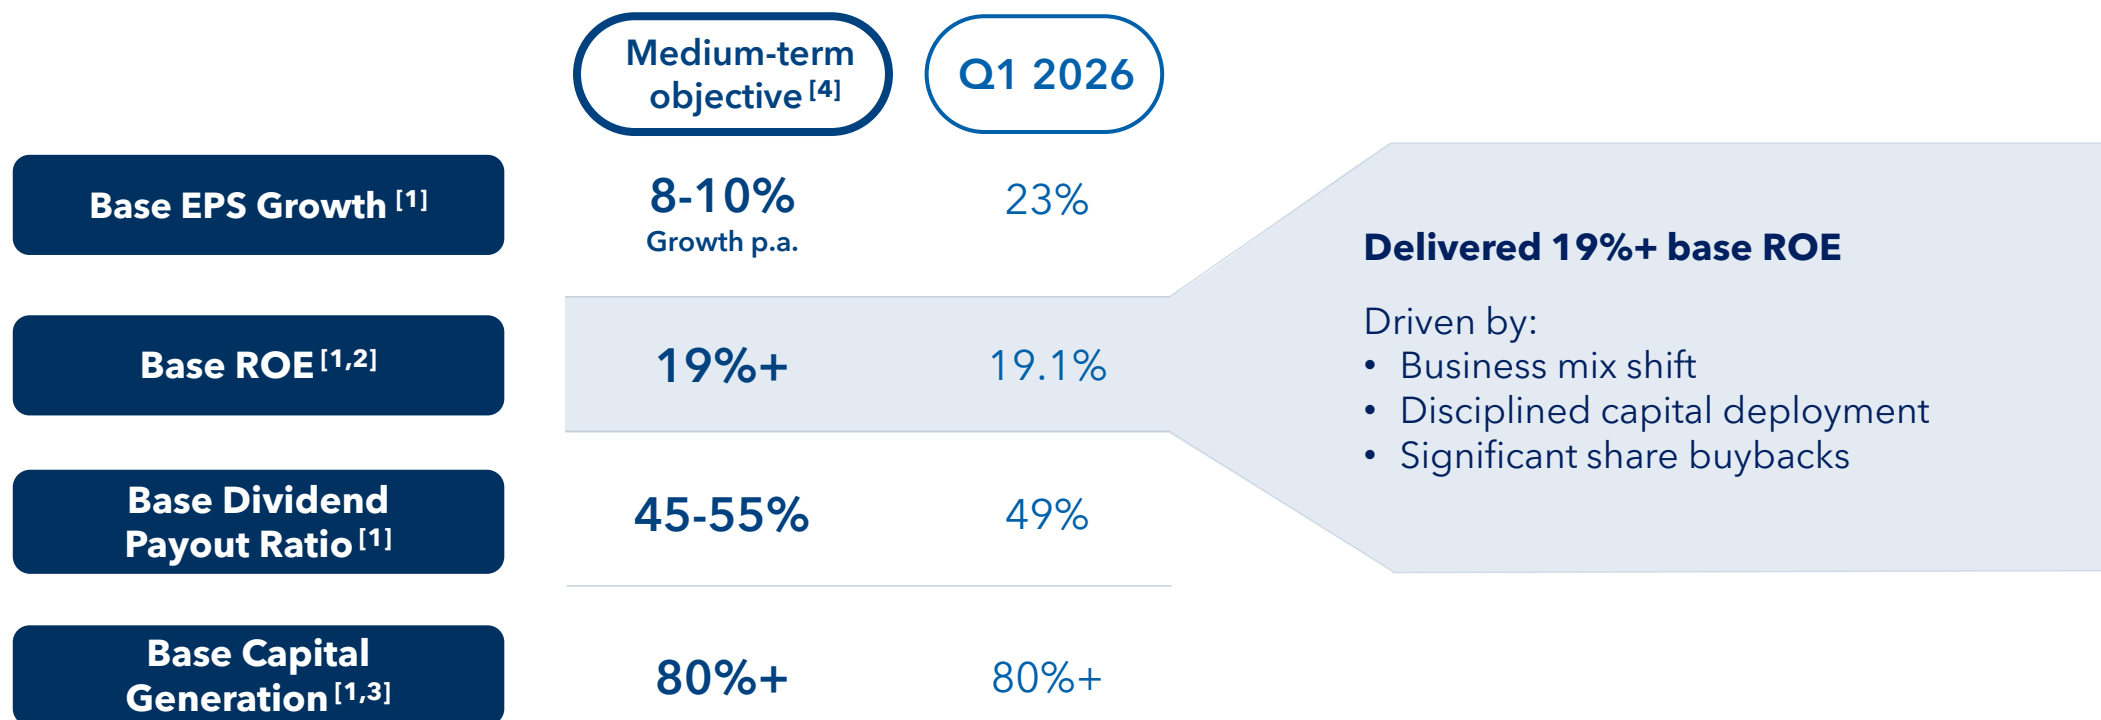

[1] Empower base earnings growth is shown on constant currency (CC) basis. Additional information regarding this metric can be found in the "Glossary" section of Great West's current MD&A.

[2] Base ROE, Base earnings and Pre-tax base operating margin are defined as non-GAAP financial measures or ratios by Great West. Refer to the "Disclosures Concerning Public Investees" section at the beginning of this presentation for more information.

[3] Additional information regarding this metric is incorporated by reference and can be found in the "Glossary" section of Great West's current MD&A.

Great West delivered ROE of 19%+ for the first time

[1] Base EPS, Base ROE, Base Dividend Payout Ratio and Base Capital Generation are defined as non-GAAP financial ratios by Great West. Refer to the "Disclosures Concerning Public Investees" section at the beginning of this presentation for more information.

[2] Base return on common shareholders' equity (ROE) calculated using trailing 4 quarters base earnings and consolidated common shareholders equity.

[3] Refer to the definition of Base Capital Generation in Great West's current MD&A.

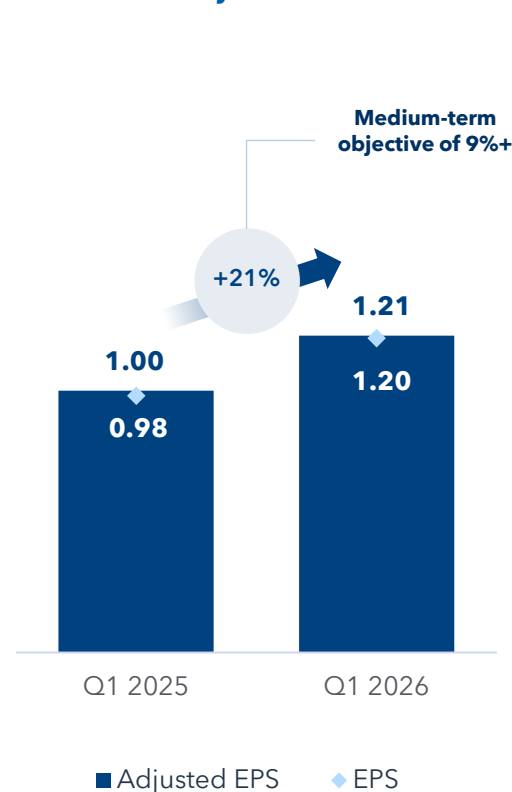

[4] Medium-term defined as next 3-5 years.

IGM's earnings growth driven by its core businesses

Q1 2026 Highlights

- Record first quarter adjusted net earnings^[1] of \$284.3 million, up 20% year-over-year, reflecting strong momentum across IGM's core businesses
- Adjusted net earnings per share^[1] of \$1.21, up 21% from \$1.00 in Q1 2025
- Strong IG Wealth and Mackenzie net flows; \$5.6 billion during the quarter
- Record ending AUM&A^[2] of \$314.0 billion, up 14% from Q1 2025 and 1% from Q4 2025
- Strong growth in client assets from strategic investments
- Completed share repurchases of \$185.4 million and dividend declared of \$144.7 million in Q1 2026

EPS and Adjusted EPS^[1]

Consolidated AUM&A incl. SI^[2]

[1] Adjusted net earnings is defined as a non-IFRS financial measure and adjusted EPS is defined as a non-IFRS ratio by IGM. Refer to the "Disclosures Concerning Public Investees" section at the beginning of this presentation for more information.

[2] Refer to the "Other Measures" section at the beginning of this presentation for more information.

[3] Includes non-fee-bearing assets of \$2.6 billion in Q1 2026. Refer to the "Other Measures" section at the beginning of this presentation for more information.

IGM's adjusted net earnings by segment

Wealth Management [1]

(\$ millions)

Asset Management

Corporate & Other [2]

IGM Consolidated

[1] Wealthsimple is classified as an investment accounted for at FVOCI and therefore has no impact on the segment earnings. Results include the impact of the change in equity interest in Rockefeller Capital Management, see IGM's Q1 2026 investor presentation (slide 45) for details.

[2] Corporate & Other reflects earnings primarily comprised of the proportionate share of Great West's base earnings of \$30.3 million in Q1 2026 (\$24.5 million in Q1 2025).

FOCUS ON DIRECT PRIVATE ASSETS

€1.0 billion
New private investments

€0.5 billion ^[2] | **€0.5 billion** ^[3]

 **Rayner** | **BUKO**.GROUP

Co-control stake | *Majority stake*

- **Ongoing value creation** driven by healthcare companies Affidea and Sanoptis

ATTRACTIVE RETURNS TO SHAREHOLDERS

€1.0 billion
Cash returned in 2025

- **Dividend increase** of 2.5% to €5.125 per share annually ^[4]
- **Ongoing share repurchases:** €31 million in Q1 2026

[1] Includes proceeds generated from 2024 through April 2026.

[2] Announced in February 2026 and expected to close in Q2 2026, subject to customary approvals.

[3] Announced in April 2026 and expected to close in Q3 2026, subject to customary approvals.

[4] Payable as from May 18, 2026.

Alternative platforms continue to increase scale through organic growth, acquisitions and partnerships

Sagard

POWER SUSTAINABLE

- In April 2026, Sagard acquired Unigestion Private Equity and combined to launch Sagard Private Equity Solutions (SPES)
 - SPES pro-forma AUM of US\$23 billion ^[2]

- During the quarter:
 - Power Sustainable Infrastructure Credit announced the closing of its first global infrastructure credit fund in December 2025
 - Over US\$800 million in commitments across the fund and separately managed accounts
 - Power Sustainable's Decarb Private Equity fund acquired a majority stake in a US provider of energy efficient utility services, and distributed energy resources

[1] Refer to the "Other Measures" section at the beginning of this presentation for more information.
[2] The pro-forma AUM includes BEX and PEM at March 31, 2026, and Unigestion at December 31, 2025.

Power has returned \$11 billion in capital to shareholders since 2020

Power discount to NAV^[1]

[1] Discount to NAV is a non-IFRS ratio. Refer to the "Non-IFRS Financial Measures" section at the beginning of this presentation for more information.

[2] Based on March 31, 2026 adjusted net asset value updated for market values of publicly traded operating companies at May 12, 2026.

Power's total shareholder returns

Power's shareholder returns have outperformed the S&P TSX and S&P TSX Financials indices

Total Shareholder Returns

As at May 12, 2026

Period	Last 12 Months	Last 3 Years Annualized	Last 5 Years Annualized	Since Dec. 31, 2019 Annualized
Power Corporation	65.4%	37.1%	23.0%	21.3%
S&P TSX Financials	43.3%	28.8%	18.3%	17.3%
<i>Over / (Under) S&P TSX Financials</i>	<i>+22.1%</i>	<i>+8.3%</i>	<i>+4.7%</i>	<i>+4.0%</i>
S&P TSX	37.7%	22.4%	15.8%	15.0%
<i>Over / (Under) S&P TSX</i>	<i>+27.7%</i>	<i>+14.7%</i>	<i>+7.2%</i>	<i>+6.3%</i>

Source: Bloomberg.

Note: Total shareholder return represents share price appreciation and dividends received over a period of time expressed as an annualized percentage. Assumes dividends are reinvested in the shares when received.

Looking ahead

Power is well-positioned to continue generating attractive returns to its shareholders

Earnings focused companies have momentum

- Great West and IGM represent 83% of Power's gross asset value ^[1]
 - Great West targeting 8-10% base EPS growth per annum plus its 3.5% dividend yield ^[2]
 - IGM targeting 9%+ adjusted EPS growth per annum plus its 3.2% dividend yield ^[2]

Value creation from NAV-based businesses

- GBL targeting medium-term double-digit TSR
- Power's investment in Wealthsimple is valued at \$1.6 billion on a gross basis
- Power's proprietary capital investments in Sagard and Power Sustainable strategies targeting 10%+ returns

Strong cash position

- Strong cash balance with \$1.7 billion available, net of dividends to be paid and received
- Power continues to repurchase its shares which supports the per share growth of NAV, earnings and dividends

[1] As of March 31, 2026. Represents the fair value of the assets of the combined Power Corporation and Power Financial holding company included in Adjusted net asset value, a non-IFRS financial measure. Refer to the "Non-IFRS Financial Measures" and "Clarifications on Adjusted Net Asset Value" sections at the beginning of this presentation for more information.

[2] Based on the latest quarterly dividend declared annualized divided by the share price as of May 12, 2026.

Questions

Appendix

Asset Management Activities – Sagard and Power Sustainable continue to scale their platforms

- Sagard and Power Sustainable continue to scale through different levers, generating recurring fee-related earnings
 - Ongoing fundraising from third-party investors (existing and new LPs)
 - Launch of successor funds and new strategies
 - Inorganic growth through acquisitions and strategic partnerships
- In addition, both platforms are generating carried interest from strong fund performance to date

Funded AUM ^[1]

(\$ billions)

■ PCC Funded ■ Third Party Funded

Fee-Bearing Capital ^[1,2]	\$4.8B	\$34.1B
Total AUM ^[2]	\$5.6B	\$52.2B

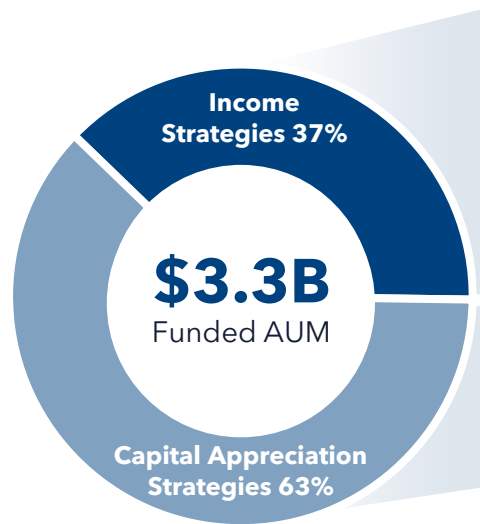

Note: Third party funded includes associated companies (Great West, IGM and GBL) as well as commitments from management.

[1] Refer to the "Other Measures" section at the beginning of this presentation for more information.

[2] Includes an ownership interest in Wealtheasy valued at \$3.8 billion at March 31, 2026 (\$0.4 billion at March 31, 2020) and excludes AUM from Sagard's private wealth investment platform.

Investing Activities – Earning attractive returns on its proprietary capital across multiple strategies

Power’s proprietary capital invested in Sagard and Power Sustainable strategies, currently valued at \$3.3 billion, targeted to generate 10%+ net returns

Strategies	Power Fair Value of Investments ^[1]	Target Net IRR ^[2]	Value Realization ^[3]
• Energy Infrastructure	\$1.0B	8-10%	
• Private Credit	\$0.2B	8-11%	Expected to generate recurring returns during the life of the investment period
• Real Estate	<\$0.1B	6-8%	
• Venture Capital ^[4]	\$1.7B	12-23%	Expected to generate returns in the form of fair value increases
• Private Equity	\$0.4B	10-18%	• Cash generated as investments are monetized
Proprietary Capital	\$3.3B	10%+	

[1] Power’s investments as at March 31, 2026, excludes investments by Great West and IGM, cash and other investments.

[2] Illustrative target net of fees, carried interest and expenses and assumes no recycling / leverage at the fund level. There can be no assurance that the fund or any investment will achieve the targeted return. An internal rate of return (IRR) represents the discount rate at which the net present value of all cash flows equal to zero.

[3] The profile of earnings in accordance with IFRS is dependent on accounting of underlying investments (consolidation, marked to market through P&L).

[4] Including Power’s equity investment in Wealthsimple valued at \$1.3 billion, net of carried interest, through investment vehicles managed by Sagard.
