

POWER CORPORATION
OF CANADA

Investor Presentation

Q3 2020 Quarterly Results

November 12th, 2020

Forward looking statements and COVID-19

Forward Looking Statements

In the course of today's meeting, representatives of the Corporation may make, in their remarks or in response to questions, and the accompanying materials may include, statements containing forward-looking information.

Certain statements, other than statements of historical fact, are forward-looking statements based on certain assumptions and reflect the Corporation's current expectations, or with respect to disclosure regarding the Corporation's public subsidiaries, reflect such subsidiaries' disclosed current expectations. Forward-looking statements are provided for the purposes of assisting the reader in understanding the Corporation's financial performance, financial position and cash flows as at and for the periods ended on certain dates and to present information about management's current expectations and plans relating to the future and the reader is cautioned that such statements may not be appropriate for other purposes. These statements may include, without limitation, statements regarding the operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of the Corporation and its subsidiaries including the fintech strategy, the expected impact of the COVID-19 pandemic on the Corporation and its subsidiaries' operations, results and dividends, as well as the outlook for North American and international economies for the current fiscal year and subsequent periods, the intended effects of the Reorganization (as defined herein), the NCIB (as defined herein), the proposed redemption by the Corporation and Power Financial of certain classes of their First Preferred Shares and the Corporation's subsidiaries' disclosed expectations, including the acquisition of the retirement services business of MassMutual, Personal Capital, Northleaf and related synergies, impacts and timing thereof. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects", "anticipates", "plans", "believes", "estimates", "seeks", "intends", "targets", "projects", "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may", "will", "should", "would" and "could".

By its nature, this information is subject to inherent risks and uncertainties that may be general or specific and which give rise to the possibility that expectations, forecasts, predictions, projections or conclusions will not prove to be accurate, that assumptions may not be correct and that objectives, strategic goals and priorities will not be achieved. A variety of factors, many of which are beyond the Corporation's and its subsidiaries' control, affect the operations, performance and results of the Corporation and its subsidiaries and their businesses, and could cause actual results to differ materially from current expectations of estimated or anticipated events or results. These factors include, but are not limited to: the impact or unanticipated impact of general economic, political and market factors in North America and internationally, fluctuations in interest rates, inflation and foreign exchange rates, monetary policies, business investment and the health of local and global equity and capital markets, management of market liquidity and funding risks, risks related to investments in private companies and illiquid securities, risks associated with financial instruments, changes in accounting policies and methods used to report financial condition (including uncertainties associated with significant judgments, estimates and assumptions), the effect of applying future accounting changes, business competition, operational and reputational risks, technological changes, cybersecurity risks, changes in government regulation and legislation, changes in tax laws, unexpected judicial or regulatory proceedings, catastrophic events, man-made disasters, terrorist attacks, wars and other conflicts, or an outbreak of a public health pandemic or other public health crises (such as COVID-19), the Corporation's and its subsidiaries' ability to complete strategic transactions, integrate acquisitions and implement other growth strategies, the Corporation's and its subsidiaries' success in anticipating and managing the foregoing factors and with respect to forward-looking statements of the Corporation's subsidiaries, the factors identified by such subsidiaries in their respective Management's Discussion and Analysis filed with the securities regulatory authorities in Canada and available at www.sedar.com.

The listener/reader is cautioned to consider these and other factors, uncertainties and potential events carefully and not to put undue reliance on forward-looking statements. Information contained in forward-looking statements is based upon certain material assumptions that were applied in drawing a conclusion or making a forecast or projection, including management's perceptions of historical trends, current conditions and expected future developments, as well as other considerations that are believed to be appropriate in the circumstances, including the timely satisfaction or waiver of the conditions to completion of the MassMutual retirement business transaction, the availability of cash to redeem First Preferred Shares of the Corporation and Power Financial, that the list of factors in the previous paragraph, collectively, are not expected to have a material impact on the Corporation and its subsidiaries and with respect to forward-looking statements of the Corporation's subsidiaries, the risks identified by such subsidiaries in their respective annual and interim Management's Discussion and Analysis and Annual Information Form most recently filed with the securities regulatory authorities in Canada and available at www.sedar.com. While the Corporation considers these assumptions to be reasonable based on information currently available to management, they may prove to be incorrect.

Other than as specifically required by applicable Canadian law, the Corporation undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made, or to reflect the occurrence of unanticipated events, whether as a result of new information, future events or results, or otherwise.

Additional information about the risks and uncertainties of the Corporation's business and material factors or assumptions on which information contained in forward-looking statements is based is provided in its disclosure materials, including its most recent annual and (subsequent) interim Management's Discussion and Analysis and Annual Information Form, filed with the securities regulatory authorities in Canada and available at www.sedar.com.

COVID-19

The outbreak of the novel strain of coronavirus, specifically identified as "COVID-19", has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Governments and central banks have responded with significant monetary and fiscal interventions designed to stabilize economic conditions. Equity markets in particular have been volatile, experiencing material and rapid declines in the first quarter of 2020; however, following March 31, 2020, the markets have experienced recoveries.

The duration and impact of the COVID-19 pandemic is unknown at this time. Economic damage and market weakness are being felt across the global economy. Significant economic headwinds are expected to continue into the fourth quarter of 2020 and beyond as a result of anticipated negative credit experiences, impairment of valuations in certain sectors of the economy and asset classes, and uncertainties in the durability and effectiveness of government and central bank interventions, among others. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Corporation and its operating subsidiaries in future periods. See the Corporation's most recent interim Management's Discussion and Analysis, filed with the securities regulatory authorities in Canada and available at www.sedar.com.

Disclosures concerning public investees and non-IFRS measures

Disclosures Concerning Public Investees

Information in this presentation and any accompanying oral statements, including in response to questions, (i) concerning Great-West Lifeco and IGM, as applicable, has been derived from Great-West Lifeco and IGM's interim MD&A, as prepared and disclosed by the respective companies in accordance with applicable securities legislation, and which is also available either directly from SEDAR (www.sedar.com) or from their websites, www.greatwestlifeco.com and www.igmfinancial.com and (ii) concerning Pargesa / GBL has been derived from publicly disclosed information, as issued by Pargesa / GBL in its third quarter press release, and further information on Pargesa / GBL's results is available on its websites at www.pargesa.ch and www.gbl.be.

Non-IFRS Measures

In the second quarter of 2020, the Corporation modified the presentation of the asset management companies held by the investment platforms. Previously, the asset management activities were consolidated and included as corporate activities within the non-consolidated balance sheet of the Corporation. Pursuant to the Corporation's recently announced strategy, the activities of each asset management company are now presented within their operations. The comparatives in the non-consolidated balance sheets, non-consolidated statements of cash flows and net asset values have been restated to reflect this change.

Effective the first quarter of 2020, the Corporation introduced a modified definition of its non-IFRS earnings measure, Adjusted net earnings. This change is consistent with the introduction of base earnings (loss) by Great-West Lifeco which was introduced in the first quarter of 2020 to reflect management's view of the operating performance of Great-West Lifeco. Great-West Lifeco defines base earnings (loss) as net earnings excluding the impact of actuarial assumption changes and management actions, direct equity and interest rate market impacts on insurance contract liabilities net of hedging, and items that management believes are not indicative of the company's underlying business results. The definition of Adjustments includes what the Corporation previously presented as other items and also includes Great-West Lifeco's impact of actuarial assumption changes and management actions, and direct equity and interest rate market impacts on insurance contract liabilities net of hedging. The definition of Adjustments used in Adjusted net earnings is being adopted to enhance comparability of results between reporting periods and in anticipation of Great-West Lifeco's implementation of accounting changes related to IFRS 17, Insurance Contracts, on January 1, 2023. The comparative periods have been restated to reflect the introduction of this modified measure.

Net earnings attributable to participating shareholders are comprised of:

- Adjusted net earnings attributable to participating shareholders; and

- Adjustments, which include the after-tax impact of any item that in management's judgment would make the period-over-period comparison of results from operations less meaningful. Adjustments include the Corporation's share of Great-West Lifeco's impact of actuarial assumption changes and management actions, direct equity and interest rate market impacts on insurance contract liabilities net of hedging, as well as items that management believes are not indicative of the underlying business results which include those identified by a subsidiary or a jointly controlled corporation.

Management uses these financial measures in its presentation and analysis of the financial performance of Power Corporation and believes that they provide additional meaningful information to readers in their analysis of the results of the Corporation. Adjusted net earnings, as defined by the Corporation, assist the reader in comparing the current period's results to those of previous periods as it reflects management's view of the operating performance of the Corporation and its subsidiaries and excludes items that are not considered to be part of the underlying business results from this non-IFRS financial measure.

Adjusted net earnings attributable to participating shareholders and adjusted net earnings per share are non-IFRS financial measures that do not have a standard meaning and may not be comparable to similar measures used by other entities.

The Corporation also uses a non-consolidated basis of presentation to present and analyze its results whereby the Corporation's interests in Power Financial and other subsidiaries are accounted for using the equity method. Presentation on a non-consolidated basis is a non-IFRS presentation. However, it is useful to the reader as it presents the holding company's (parent) results separately from the results of its operating subsidiaries.

Net asset value is commonly used by holding companies to determine their value. Net asset value is the fair value of Power Corporation's non-consolidated assets less its net debt and preferred shares. The investments held in public entities (including Great-West Lifeco, IGM and GBL (through Parjointco)) are measured at their market value and investments in private entities and investment funds are measured at management's estimate of fair value. GBL's net asset value is determined on the basis of current market values for listed shareholdings, plus the fair value of private equity activities and GBL treasury shares, less net debt. This measure presents the fair value of the net assets of the holding company to management and investors and assists the reader in determining the value of the holding company.

This presentation may also contain other non-IFRS financial measures which are publicly disclosed by the Corporation's subsidiaries such as sales, assets under management and assets under administration. Refer to the "Non-IFRS Financial Measures and Presentation" section of the Corporation's most recent Management's Discussion and Analysis for the definition of non-IFRS financial measures and their reconciliation with IFRS financial measures.

Note: OpCo contributions as reported by Great-West, IGM and Pargesa; ¹ Non-IFRS measure. Refer to the "Non-IFRS Financial Measures and Presentation" section of the Corporation's most recent MD&A for definitions of non-IFRS financial measures and their reconciliation with IFRS financial measures; ² The consolidation entries include an attribution of the results of Wealthsimple, Koho, Portag3 I and Portag3 II, to the contributions from Lifeco and IGM based on their respective interest. The third quarter of 2020 includes a charge of \$36 million or \$0.05 per share related to the allocation of the remeasurement of the put right liability of the non-controlling interests in Wealthsimple to fair value and carried interests payable. Also reflects IGM's gain on Personal Capital which the Corporation has not included as an Adjustment. The consolidation entries also reflect adjustments in accordance with IAS 39 for IGM and Pargesa; ³ Includes earnings of the Corporation's investment platforms, Sagard Holdings and Power Sustainable Capital, and standalone businesses; ⁴ Represents the corporate operations of PCC and PFC. The third quarter of 2020 includes a charge of \$33 million or \$0.05 per share related to the impact of the remeasurement of the put right liability of the non-controlling interests in Wealthsimple to fair value and an increase in carried interests payable; ⁵ Represents dividends on perpetual preferred shares of PFC and dividends on non-participating shares of PCC; ⁶ Attributable to participating shareholders; ⁷ PCC issued 250.6M Subordinate Voting Shares and 6.0M Participating Preferred Shares pursuant to the PCC / PFC reorganization transaction which was completed on February 13, 2020

Power Corporation is pursuing a focused strategy emphasizing financial services

- Based on Power Corporation's existing core principles
- Focused upon financial services, not diversification
- Public operating companies will continue to pursue organic and inorganic strategies
- At the Power Corporation level, we will:
 - Build alternative asset management businesses, creating value as asset managers and earning attractive returns on Power's seed capital
 - Continue to manage standalone businesses to realize value over time
 - Follow disciplined cost management practices
 - Manage our financial structure prudently but efficiently, including returning capital to shareholders when appropriate
 - Clearly communicate our strategies, our objectives and our performance to all market participants

The Power Group's ongoing value creation strategy is focused on 3 key levers

1 OpCo Organic Levers

Organic growth strategies at each of our public operating companies¹

2 OpCo M&A Levers

Deployment and redeployment of capital

3 Holding Company Levers

Actions we can take at the Power level and between Power and its operating companies¹

¹ Refers to PCC operating companies such as Great-West Lifeco, IGM Financial and Pargesa / GBL

GLC Asset Management and Quadrus fund management contracts

On August 4, Great-West Lifeco and IGM announced the sale of GLC Asset Management to Mackenzie for \$175 million; Canada Life will acquire the fund management contracts relating to the Quadrus Group of Funds for \$30 million

MACKENZIE
Investments

- Solidifies Mackenzie as one of Canada's largest investment managers with \$172B of AUM
- Expands Mackenzie's distribution reach to the fast-growing group channel and enhances its investment capabilities
- Expected to be accretive to Mackenzie's earnings during 2021

- Continues Canada Life's path to evolving its wealth business
- Ownership of Quadrus Group of Funds gives Canada Life control of fund manufacturing
- Long-term partnership agreement provides access to best-in-class investment management capabilities

- Transaction expected to close in the fourth quarter of 2020

Empower Retirement's acquisition of Personal Capital

On June 29, Empower Retirement announced an agreement to acquire Personal Capital for US\$825 million and deferred consideration of up to US\$175 million

- Personal Capital is a hybrid wealth manager that combines a leading-edge digital experience with personalized advice delivered by human advisors
- Acquisition to accelerate Empower's long-term growth
 - Add best-in-class digital wealth management platform
 - Significantly accelerate the growth of Empower's existing DC-focused retail wealth management platform by integrating Personal Capital's technology and capabilities
 - Enhance Empower's successful Defined Contribution business with the addition of leading financial planning and financial wellness capabilities
- Transaction closed on August 17, 2020

Empower Retirement's acquisition of the Retirement Services Business of MassMutual

On September 8, Empower Retirement announced an agreement to acquire the retirement services business of MassMutual for a total transaction value of approximately US\$3.35 billion

**Solidifies Empower's
leadership position
in the U.S.
retirement industry
and creates
meaningful value**

- Strengthens Empower's #2 position in the growing U.S. retirement industry, with combined assets of US\$834 billion and 12.2 million participants
- Establishes a clear #1 leadership position in highly attractive small-medium corporate market segment
- Increases synergy potential of the Personal Capital acquisition across a larger combined business
- Increases scale advantages and capitalizes on expertise, technology excellence and deep product capabilities within the Empower platform
- Highly cash generative transaction that positions Empower as a significant contributor to Great-West's earnings profile and growth

Mackenzie Investments and Great-West establish strategic relationship with Northleaf Capital Partners

On September 17, IGM (80%) and Great-West Lifeco (20%) announced the acquisition of a 70% economic interest¹ in Northleaf Capital Partners

- **Expands Mackenzie's capabilities** to offer global private equity, private credit and infrastructure investment solutions; Mackenzie product launches imminent
- **Enhances offering at IG Wealth Management**, with emphasis on high-net worth and mass affluent client segments; IG managed solutions allocation to Northleaf products in Q3
- **Advances Great-West's strategy** to expand alternative investments for its balance sheet and global distribution channels
- **Accelerates Northleaf's growth strategy** by providing additional access to balance sheet capital, global relationships and best-in-class retail product development and distribution; no change to investment processes
- **Provides financial benefit** from vertical integration and expected to be accretive in 2021
- Transaction closed October 29, 2020

Northleaf
Capital Partners

3rd largest private markets firm in Canada offering mid-market private equity, private credit and infrastructure strategies

Capital Raised Since Inception

(US\$ billions)

¹ 49.9% voting interest

Wealthsimple external financing announced at a \$1.4 billion pre-money valuation

Wealthsimple

On October 14, Wealthsimple announced a \$114 million investment led by TCV

- The \$114 million investment, for a 7.5% fully diluted interest, was led by TCV, one of the largest growth equity investors focused on technology, along with Greylock Partners, Meritech Capital, Allianz X and Two Sigma Ventures, leading technology investors
- The transaction values the PCC Group's fully diluted interest at \$934 million, an increase of \$619 million representing a 44% IRR¹ on an aggregate investment of \$315 million
- Post-investment, the PCC Group will own 61.7% of Wealthsimple on a fully diluted basis, of which PCC's interest will be 23.1%²

Assets Under Administration³

(\$ billions)

¹ Gross of fees, expenses and carried interest

² Includes PCC's indirect interest through Portag3 Ventures LP

³ Excludes assets under administration related to Wealthsimple for Advisors which has been disposed

Each of Sagard Holdings and Power Sustainable Capital have developed their businesses substantially

- Development of multi-year strategies
- Significant ongoing fundraising at each of Sagard Holdings and Power Sustainable Capital
 - Launch of Sagard NewGen in Sep'20 and US\$450 million first close of Sagard Credit Partners II in Oct'20
- \$5.3 billion of AUM, of which 47% from 3rd parties

AUM and Unfunded Commitments

Total: \$7.3 billion

Total AUM and AUM by Platform

Total: \$5.3 billion

Note: Converted to C\$ based on exchange rates as at Sept. 30, 2020; Included in 3rd parties are associated companies including Great-West Lifeco, IGM and Pargesa as well as commitments from management

Sagard Holdings is a multi-strategy alternative asset manager with a global presence

		Webhelp	Webhelp Group

PCC NAV and discount to NAV

- 35% average discount from the end of 2015 to 2018, decreased to 21% immediately after the close of the reorganization in February 2020, shortly before the World Health Organization declared a global pandemic

Prior to the reorganization, the dual holding company structure traded at a 29% discount to NAV¹, with PCC and PFC individually trading at a 16% and 18% discount to NAV¹, respectively

Note: NAV is a non-IFRS measure. Refer to the "Non-IFRS Financial Measures and Presentation" section of the Corporation's most recent MD&A for definitions of non-IFRS financial measures and their reconciliation with IFRS financial measures

¹Trailing 30 trading day average as at December 12, 2019

Corporate Social Responsibility (CSR) at PCC

CSR is fundamental to the way we, and our group of companies, do business — what we refer to as “responsible management”. It has been at the core of our investment philosophy, enabling us to build a resilient and sustainable business, through our role as an investor, employer and contributor to the communities in which we operate.

As an investor	<ul style="list-style-type: none">▪ We invest in quality companies with sustainable franchises and attractive growth prospects that demonstrate they are managed in a responsible manner.▪ We also take a prudent approach to risk and incorporate the analysis of ESG factors into our investment process. This, in turn, leads us to invest in companies that have sustainable business models.
As an employer	<ul style="list-style-type: none">▪ Responsible management defines the manner in which we recruit and develop our workforce.▪ We provide our employees with challenging and rewarding careers, give them the resources to develop their expertise and leadership skills, and support their volunteer efforts within the communities in which we operate.
As a contributor to communities	<ul style="list-style-type: none">▪ An underlying tenet of our responsible management philosophy is to be a good corporate citizen, to be environmentally conscious, to support our communities, and above all else, to behave ethically and act with integrity, enabling us to earn the confidence of all our stakeholders.
